Frontend Developer

www.empite.com

Empite Solutions (Pvt) Ltd is a well-established IT service provider with an Australian clientele. We focus on innovative and flexible IT services and solutions that enhance business productivity and help startups validate their ideas for market penetration.

We are looking for an experienced **Frontend Developer** to be involved in startup projects as well as building enterprise mobile & web applications. A suitable candidate for this position must have a bachelor's degree in Computer Science, Information Technology or other relevant discipline and possess a keen focus towards quality IT solutions.

ESSENTIAL SKILLS

- 1+ years of experience in HTML5, CSS3, JavaScript & JQuery
- Experience in Bootstrap, SaaS and LESS.
- Experience in any JavaScript Framework such as angular, vue.js will be an added advantage
- Hands on experience in NPM, Bower & Gulp.
- Good understanding of the software development life cycle [knowledge of Agile/scrum methodology will be an added advantage]
- Strong communication: confident speaker, active listener and good writing skills.

A 'CAN DO' attitude and a team player.

In addition to a reasonable compensation package, Empite also offers:

- A friendly work culture and environment where you are encouraged to work smarter rather than just working harder.
- The opportunity to work with the latest technologies and startups to build new and innovative products as well as solving challenging problems.

Please email your resume to jobs@empite.com , stating the post you are applying for in the subject line.
