

Dialog Marketplace

eSMS

Bulk SMS Gateway & API

What is eSMS?

The Dialog eSMS solution provides an SMS delivery platform for Small and Medium enterprises. Each enterprise will get a unique/separate e-SMS account after they login to the platform. The enterprise will get its own sender ID (Number Mask) to send the SMSs to their own customer base.

What type of SMSs can be sent through the eSMS account?

- Transactional Messages
- Promotional Messages

What are the Rates Applicable of eSMS?

Description	Transactional	Promotional
Dialog to Dialog	40 Cents	40 Cents
Dialog to Non-Dialog	50 Cents	50 Cents
SMS Levy	N/A	N/A
Taxes	As applicable	As applicable

How many masks can request for one account?

- 5 Masks will be allowed for one eSMS account

What are the payment methods for eSMS campaigns?

- Dialog Mobile bill/ Prepaid deduction
- eZ Cash & Genie

Information requires to get onboard

- Corporate name
- Corporate address
- Contact person
- Mobile (Dialog)
